# Administration

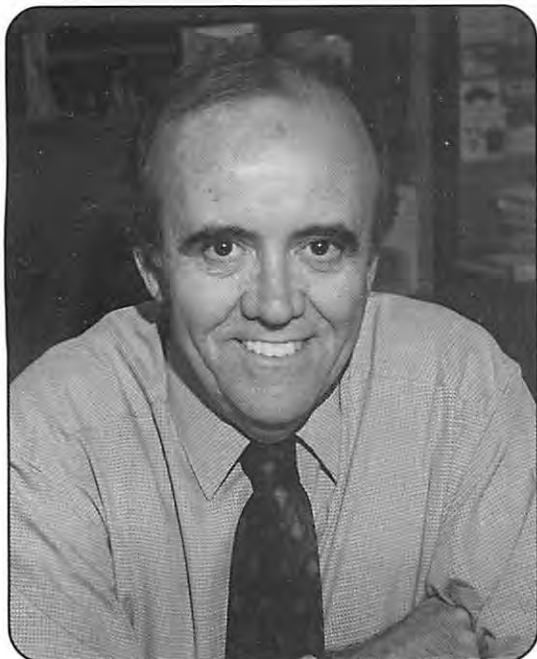

To the Class of 2003

On behalf of the Old Colony family, it is my privilege to extend our congratulations to the Class of 2003. We trust that you found the past four years both educationally rewarding and enjoyable.

You leave us to enter the world armed with an education which includes technical preparation in your chosen field. Today's world requires continual educational growth for you to achieve success in your career and to attain your lofty goals. Your graduation, therefore, is merely a benchmark in your education, not its culmination.

The philosopher, Plato, said many years ago... "The direction in which education starts a man will determine his future life." We trust we have pointed you in the right direction and that with your determination, desire, and drive you will be successful and have a life filled with happiness and good health.

Thank you for your part in sustaining the Old Colony tradition and all you have added to our growth and improvement. It was our pleasure having you as a member of our student body.

Casimiro J. Santos

Mr. Casimiro J. Santos, an instructor in the Machine & Tool Technology Department for more than 25 years, played an important role in developing the character and spirit of Old Colony. The consummate professional, Mr. Santos was instrumental in creating a vocational-technical department with the highest standards of excellence. Beyond his commitment to the classroom, Mr. Santos has been actively engaged in extracurricular activities. For our student-athletes, he served as Girls' and Boys' Basketball Coach and as the District's Athletic Director.

Mr. Santos also did a great job as the Student Council, Yearbook, and VICA Advisor. As founder of our Diversity Group at Old Colony, he fostered a spirit of cultural awareness, tolerance of others, and sensitivity for multiethnic issues.

Mr. Santos was one of the creators and developers of our Excellence in Effort Program along with Mr. Steven Urbanek. The Program symbolizes the ideal of a positive work ethic.

A leader in technology integration, Mr. Santos participated in the development of Old Colony's initial Technology Plan which became the framework for future growth.

Mr. Santos & Mr. Ashley formed a partnership known as the Dynamic Duo and were responsible for many unique and fun loving pranks throughout the school.

Ever wonder who was in that Cougar costume at various functions and games? It was Mr. Santos as the Old Colony Cougar mascot and as Cas would say, "That's Me."

## *(Time of your Life)*

*Another turning point a fork stuck in the road  
Time grabs you by the wrist directs you where to go  
So make the best of this test and don't ask why  
It's not a question but a lesson learned in time*

*It's something unpredictable  
But in the end is right  
I hope you had the time of your life*

*So take the photographs and still frames in your mind  
Hang it on a shelf in good health and good time  
Tattoos of memories and dead skin on trial  
For what it's worth it was worth all the while*

*It's something unpredictable  
But in the end is right  
I hope you had the time of your life*

*It's something unpredictable
