

# DEDICATION

We, the senior class of 1983, take great pleasure in dedicating our yearbook to two very special people, Mr. Raymond Cabral and Mrs. Deborah Cortes.

During the past four years, these two individuals have exhibited a great deal of interest in us not just as a class but they have cared about our individual concerns as well.

They have helped organize our class functions, they have chaperoned our dances, they have listened to our problems, they have been a type of friend . . . They have been so much more to us than just teachers in the classroom.

In appreciation for all their devoted time and labors on our behalf, we hereby dedicate this year's Quittacus Log as an expression of our deepest gratitude.

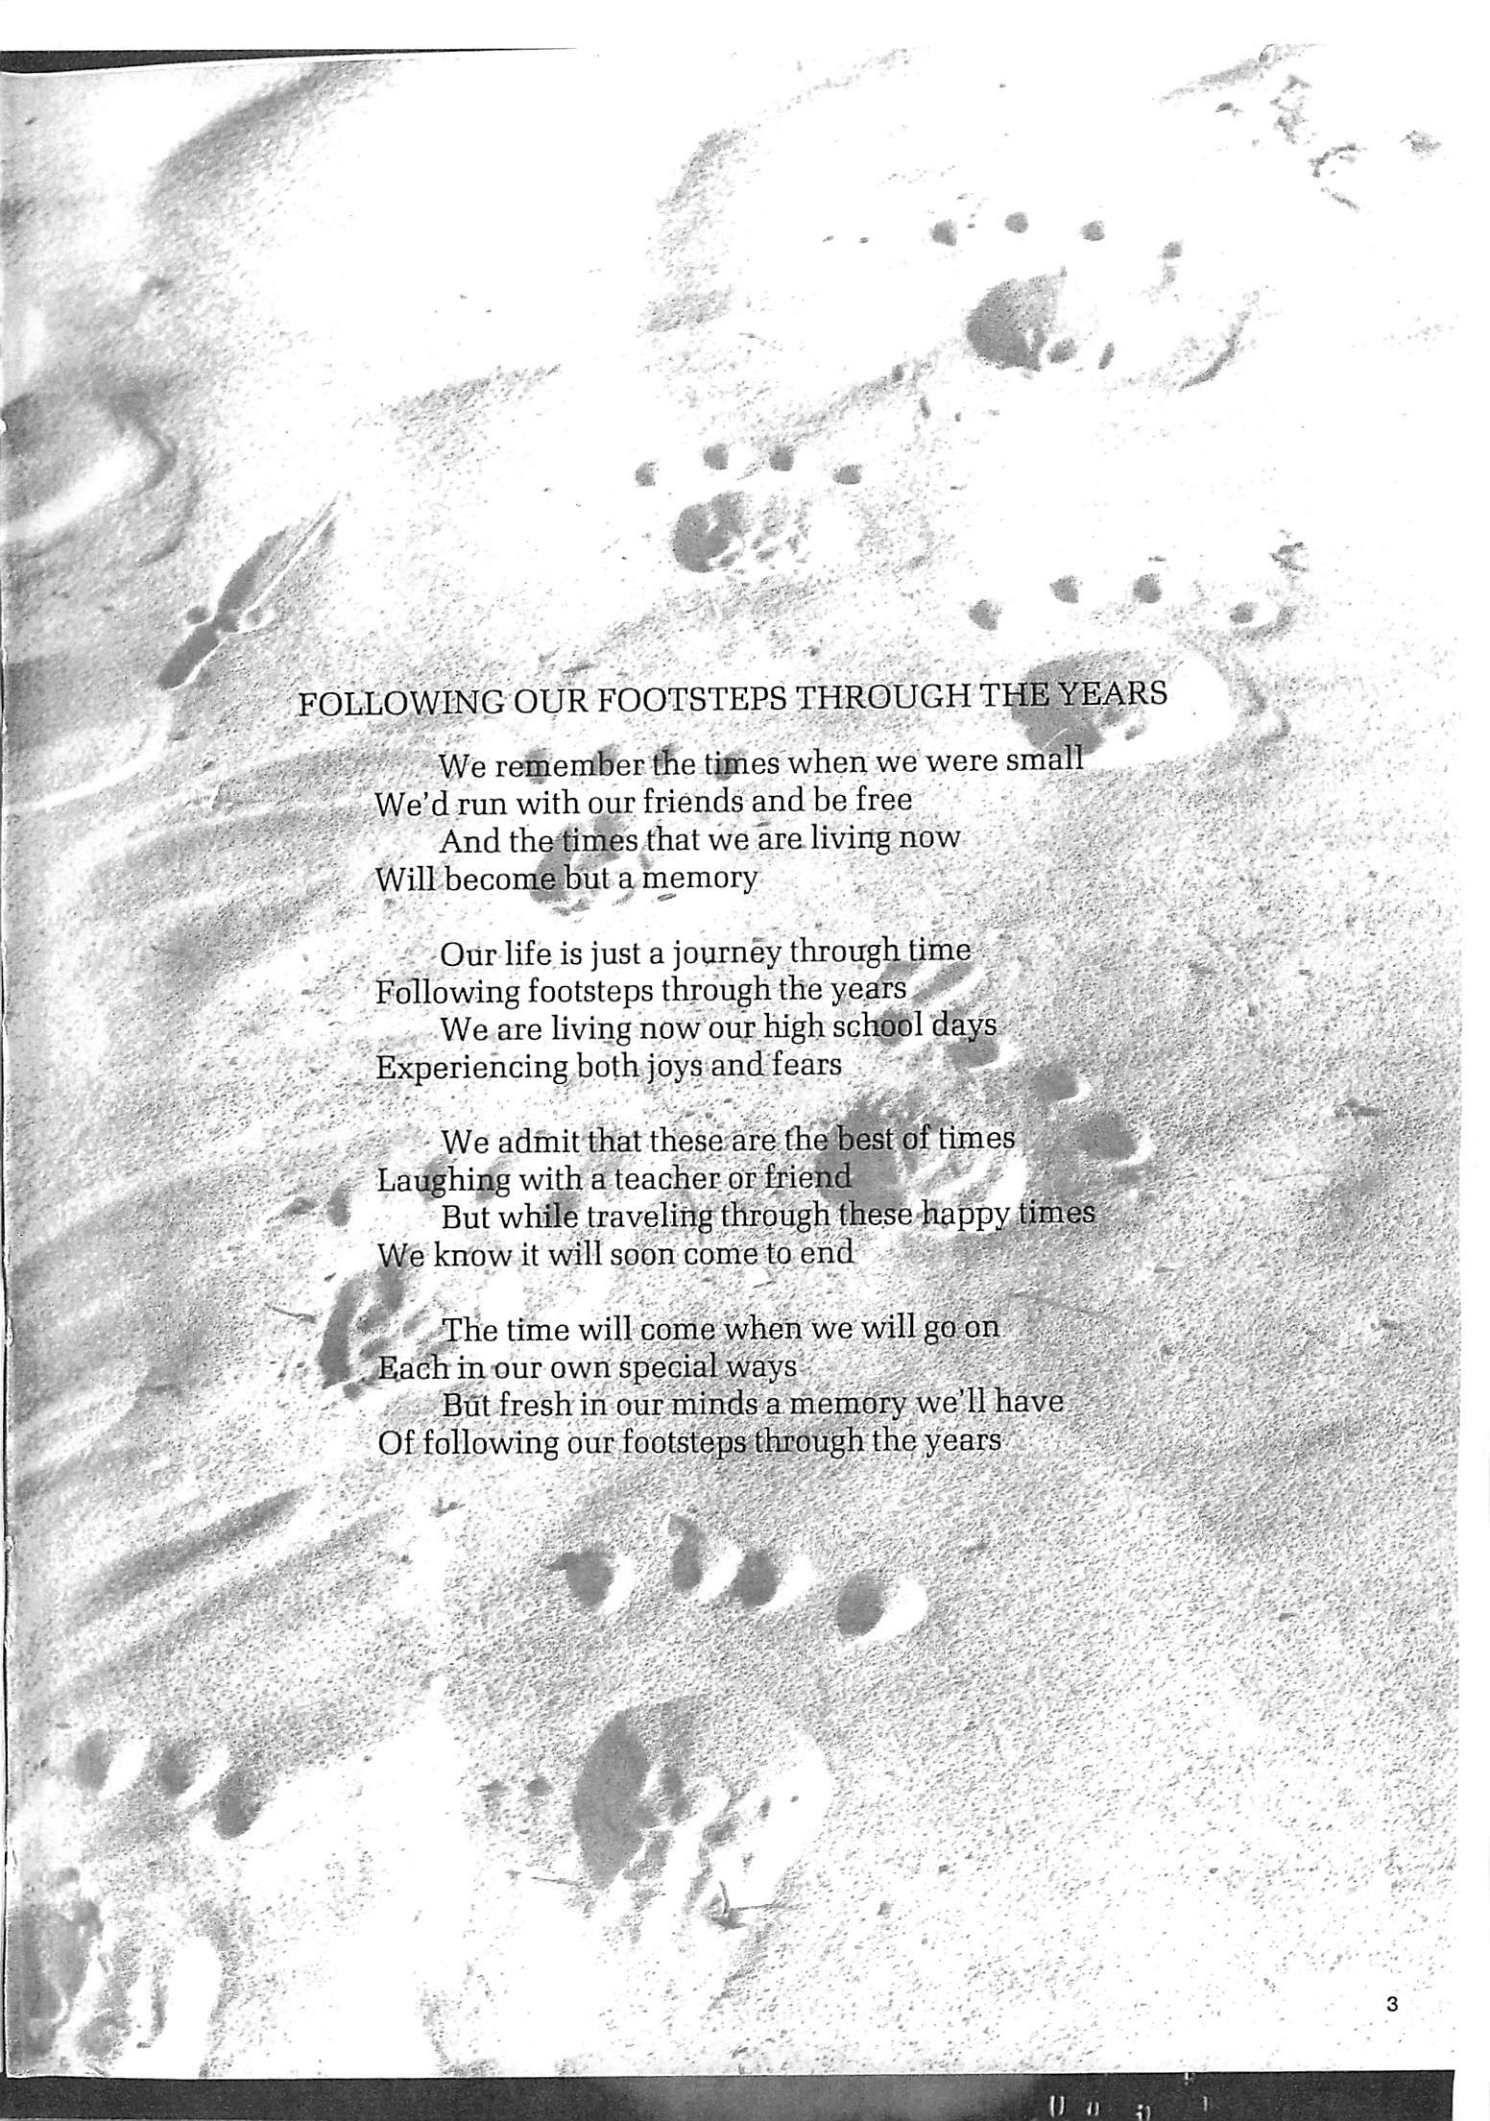

Mr. Raymond Cabral

Mrs. Deborah Cortes

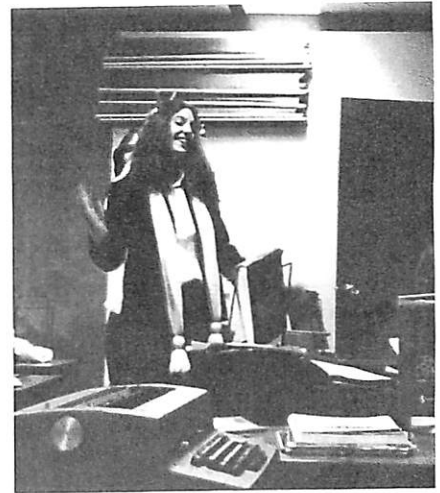

## FOLLOWING OUR FOOTSTEPS THROUGH THE YEARS

We remember the times when we were small  
We'd run with our friends and be free  
And the times that we are living now  
Will become but a memory

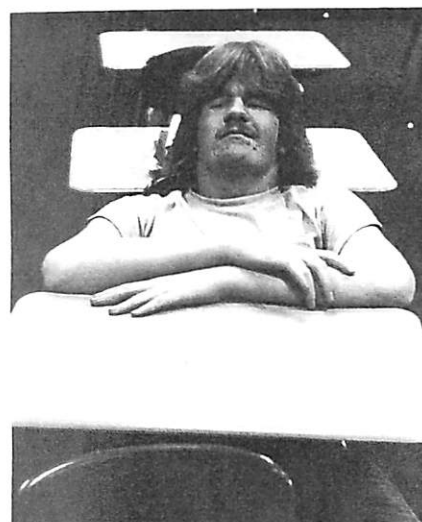

Our life is just a journey through time  
Following footsteps through the years  
We are living now our high school days  
Experiencing both joys and fears

We admit that these are the best of times  
Laughing with a teacher or friend  
But while traveling through these happy times  
We know it will soon come to end

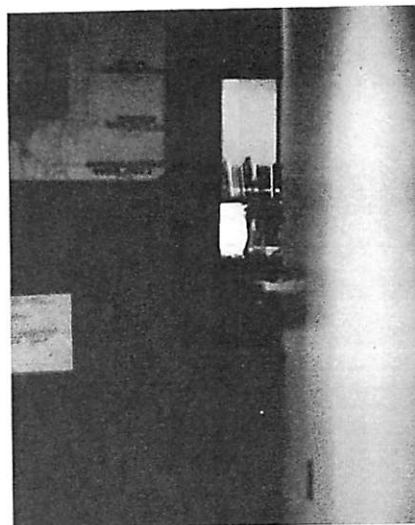

The time will come when we will go on  
Each in our own special ways  
But fresh in our minds a memory we'll have  
Of following our footsteps through the years
