What is Title I?

Title I is a Federal Program that provides financial assistance to local schools to meet current educational needs of all students to help ensure that all students reach high academic standards.

The program provides extra help to students who scored in Level I or Level II of the MCAS Tests. These are the students who are the furthest from meeting the standards the state has set for all children. Old Colony Regional Vocational Technical High School is committed to creating innovative and comprehensive educational opportunities for every student, enabling each student to attain his or her highest potential.
