Dear Parent/Guardian:

The Old Colony Regional, Vocational, Technical High School will be doing a mandated BMI Screening for 10th graders on the first week of June. The purpose of this screening is to identify signs of possible weight related issues. A simple height and weight will be taken and recorded. Complete privacy will be provided. It is not a diagnostic service but a program to find young people who may need further evaluation.

If your child has unusual findings, you will be notified and asked to take your son/daughter to a physician as a precaution.

If you do not wish to have your son/daughter participate, please sign below and return this letter to the nurse before June 1, 2013.
