Dear Parent or Guardian:

I am pleased to enclose our school's DESE "report card." Report cards answer important questions about a school's overall performance and contain specific information about student enrollment and teacher qualifications. This report also includes information about student achievement, accountability, how a school is performing relative to other schools in the district and the state, and the progress made toward narrowing proficiency gaps for different groups of students.

In this report you will find the following important information about our school:

- Student enrollment and teacher quality
- Student assessment on MCAS and other tests; and
- School and district accountability information.

We encourage you to become involved in helping us improve our school. Some of the ways you can become involved are:

- Encouraging your child's learning at home;
- Attending parent-teacher meetings and other special meetings;
- Serving as a volunteer in our school or district; and
- Encouraging other parents to become involved.

For more information about our school's report card, or to request information, please feel free to contact me at 508-763-8011.

Sincerely,

Karen J. Guenette
