DEDICATION

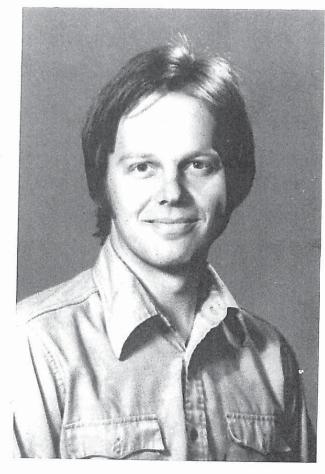

We, the Class of 1984, dedicate this yearbook to Mr. Rick Mitchell with great appreciation for his efforts and achievements in the job placement field.

Mr. Mitchell's perseverance and dedication to our advancement in the field of work are great gifts which not many people can give. The time he has spent just for our benefit is beyond comparison.

His pleasant personality and humor has been inspirational and motivational to the students.

We thank Mr. Mitchell for his assistance to the beginning of our future. He is a friend and a fine example of excellence to all of us.

He is a great plus to the faculty at Old Colony, adding knowledge and foresight which we will need in our careers.

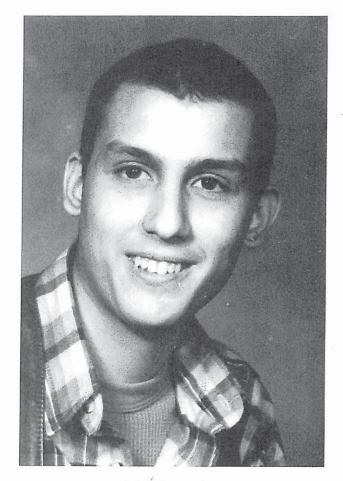

Mr. Richard Mitchell

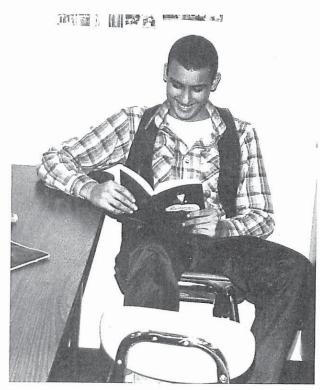

IN MEMORY OF

He inspired us and won the hearts of most; he lived well, laughed often and loved much; he had hope beyond belief; he gained respect from fellow students, teachers, family, friends and myself; his courage and faith gave security to all; he left the world better than he found it, after all, he entered our lives; his smile brightened a room, yet his pain and suffering brought tears; he had looked for the best in others and given the best he had; he never asked the question why, he always kept his faith in living, yet realized we were meant to die; he'll live forever in our hearts.

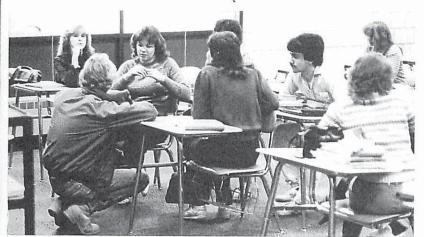

John Camacho

MY FRIENDS, MY FRIENDS

Talkin' 'bout my T-shirts
And how they used to fir me
When I'm laughin' with the boys
Their spirits seem to lift me
When we're talkin' 'bour '68 and '69
And all the things we did
It's not that now we're all that old
then ... we were just kids

My Freinds, My Friends Never gor rogether again but I love my friends My Friends

My memories are happy
And my memories are sad
But I love to take my pictures our
And take the things I had
My songs are not like my life now
And it's always true
Me and my friends were dreamers
Dreamin' all we do

My Friends, My Friends Never got together again but I love my friends My Friends

My Friends, My Friends We never got together again But I love my friends My Friends

My Friends, My Friends We never got together again but I really do miss my friends

You who are on the road Must have a code that you can live by And so become yourself Because the past is just a good-bye Teach your children well Their father's hell Will slowly go by And feed them on your dreams The one they pick The one you'll know by Don't you ever ask them why If they told you, you would cry So just look at them and sigh And know they love you And you, of tender years Can't know the fears That your elders grew by And so please help them with your youth They seek the truth Before they can die Can you hear and do you care And can't you see we must be free To teach our children what you believe in Make a world we can believe in Teach your parents well Their children's hell Will slowly go by And feed them on your dreams The one they pick The one you'll know by Don't you ever ask them why If they told you, you would cry So just look at them and sigh And know they love you

MY OWN TIME (I'LL DO WHAT I WANT)

Walking through the snow kicking my heels
Seems that sunlight never felt so good before
Bet you really don't know how it feels
I don't have to answer to anyone no more
And better I've never felt
Nothing to show, but nothing to lose,
I'm on my own

Cast your mind back not so long ago
I was always busy playing by the rules
Bet you thought I really didn't know
You were double dealing, now you're back
at school
Something you didn't learn
Faith in myself

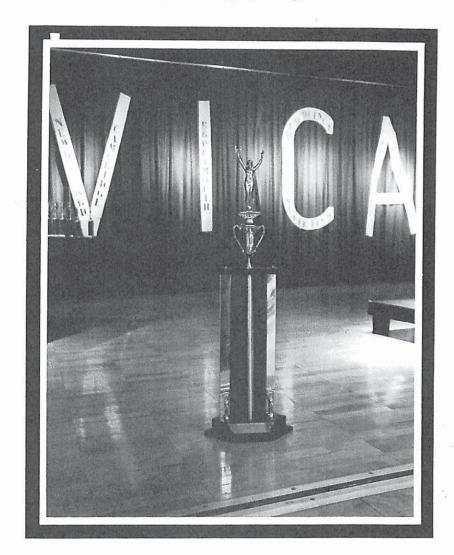

I'll do what I want to anyway I'll do what I want and I'll do it in MY OWN TIME

Gives me the strength to carry or

Don't give me that same old pack of lies
I'll tell you the story how it really is
Want me to carry on?
You think you always had the upper hand
Someone better tell you that the tide has turned
Getting your fingers burned, how does it feel?
Now it's for real this is the deal

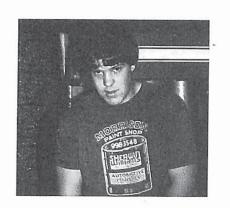

I'll do what I want to anyway
I'll do what I want and I'll do it in
MY OWN TIME Is on my side again
And one thing I intend
Is to do It in
MY OWN TIME
