DEDICATION

The Class of 1996 dedicates our yearbook to a very unique and candid individual, **Mr. Thomas Pacheco**.

As our school photographer, Tom Pacheco has been in our halls snapping photos of the students in our school since 1981. With the assistance of his wife, Antoinette, Tom has taken underclassmen photos here at school and Senior portraits at his studio in New Bedford.

He has been a tremendous help in the preparation of our 1996 yearbook. We would like to thank him, not only for that, but for being our friend and for his countless years of service.

We would like to extend our deepest thanks to Mr. Thomas Pacheco. We hope this dedication shows how much we appreciated everything.

DEDICATION

The Class of 1996 would like to dedicate our yearbook to Mr. A. Michael Sirrico.

Although Mr. Sirrico made it perfectly clear that he did not want this yearbook dedicated to him, we felt that he deserved the recognition for his work as the only yearbook advisor in the school's history, especially since he may be retiring his position at the end of our school year.

We would like him to know how much we enjoyed his company as a teacher, as an advisor and a friend, and we missed him during his extended period of absence. We hope he knows how much we appreciated how he kept in touch and "talked us along" in yearbook. Without his voice and words of wisdom, the yearbook may have fallen apart.

Thank you for everything, Mr. Sirrico. We hope you get well and stay healthy to return to what we enjoy watching you do best, teaching.

Paws and look

As we think back to our first day of school as freshmen, we can remember the way the teachers often looked at us in horror (as they probably do every year when a new class enters the school). But now, after four years, we can pause and look at how unique our class really was.

The number of students enrolled in the Class of 1996 on September 30, 1992 was 147, which was a good sized class back then. Through the years, we kept the athletic programs alive, with more than half of us playing in at least one sport. We were active in many of the extracurricular activities that were offered. We helped to keep students in all grades throughout the school involved with our efforts.

As the years go by and the school gets older, many people who never knew that Old Colony existed, now pause and look at what they have missed. Our school, even though it is out in the middle of nowhere, attracts much attention because of its good reputation in the academic, vocational, and athletic programs, which we have contributed to.

When we leave, the school will go on without us. Our presence may be remembered by some but forgotten by the others. When we finally think back to the time we had spent together at school, we can only hope that when we pause and look at what we did, we can be satisfied.

Faculty

To the Class of 1996

It is both an honor and a privilege to extend our congratulations to the graduating Class of 1996.

You entered Old Colony four years ago in pursuit of a vocational-technical education and you leave at graduation with the tools for success. Your hard work and diligent effort has prepared you well for the challenges ahead. Take pride in your accomplishment.

In reflecting on your high school years, we trust you harbor fond memories of Old Colony. You have helped to sustain and build the Old Colony tradition. We enjoyed the opportunity to help you develop the technical competencies and academic skills necessary for your future success.

There is an old adage "contentment with past achievements stifles future growth." Be not content with your graduation from high school for today's work force requires life long learning. The values, beliefs, and skills you have learned with us should serve as a stepping stone to achieve new and higher goals.

We have confidence in the Class of 1996 and are certain that you will positively influence our community and region. On behalf of the Old Colony family, best wishes in all of your future endeavors.

Mr. David J. Ferreira

Class Complainers

Complaints, complaints, complaints, and that is all you will hear from Dancee Santos and Ronnie Cossette. They're always complaining about shop, academics, their friends, or just life in general. No matter how you look at it, they are best at complaining.

The fact that you hear them complaining about being picked for this honor only solidifies our choice and that is why they refused to cooperate with writing this.

Most Friendly

Who do you see walking down the halls smiling everyday? Do Laura Mendes and Michael Souza come to mind. Well, they should. In fact, our class voted them as "Most Friendliest." Getting to know people and being sociable is second nature to Laura and Mike.

Laura is a great person to have around. She's sweet, funny, nice, smart and pretty. Laura is one of the few people who cares about everyone. With a winning personality like Laura's, Health Careers is the perfect line of work for her.

Cheering people up anywhere, Mike is fun to be around and can make anyone smile no matter what mood they're in. If you're having a bad day or just need someone to talk to, Laura and Mike always have an ear to lend.

Most Athletic

Karen Walsh and Jared Rodrigues are considered the "Most Athletic" students in the class of 1996. Both Karen and Jared participate in three varsity sports.

Karen plays volleyball, basketball, and softball. She was captain of the girl's basketball team and made it to the All-Stars in each sport. She is well-known for her athletic ability, especially in basketball.

Freshman year Karen won the "Rookie of the Year" award in basketball. Sophomore year she passed the school record for career points with 896 points. Junior year she surpassed 1,000 career points and senior year she hit the 2,000 milestone. She also set a new record in her senior year for most points in a single game with 44. Karen has also been chosen for MVP all four years and was the Dave Cowen's award recipient for 1996. Karen ended her high school basketball career with a total of 2,009 points.

Jared has been a member of the golf, basketball, cross country and baseball teams. He was captain of his golf and basketball teams his senior year. He was the school's first freshman to win the "Freshman of the Year" award in cross country. Jared received the honor of being Old Colony's Most Dedicated Athlete in 1996.

Best Dressed

Are Julie Jeffrey and Phil Batista the "Best Dressed" at Old Colony? Well, the seniors seem to think so based on how they voted.

Julie has confidence in the way she looks and dresses. Through the years, she has been keeping up with the latest fashions and hairstyles when she's not styling hair for other people. Julie can be found at Comtempo Casuals in the Taunton Mall.

Even when Phil is out on the soccer field, he's in style. He shops at Carters Clothing in New Bedford and through soccer catalogs for his sharp-looking clothes.

"I imagine a lot of people judge me by the way I look but those people don't really know who I am," says Phil.

Julie and Phil both agree on the fact that people judge you on the way you present yourself. That's one of the reasons they dress so nice. Basically, they just have good taste.

Class Flirts

If you are ever looking for Tracy Brum, you might want to try the baseball or football field. You might be able to find Chris Jones in the girl's locker room. Mostly, these two can be found in the halls of O.C. flirting with any student they find attractive.

Flirting has become second nature to Tracy, considering she has been doing it since her freshman year. While she is seen by her classmates as a flirt, she manages to maintain a steady relationship with her boyfriend, Ian Neilsen. (Congratulations to Ian.)

Chris, on the other hand, will not acknowledge the fact that he is a flirt. "I don't flirt. They flirt with me. It's not my fault that I'm irresistible. I'm just being me." If you ask any girl in the school, they'll tell you that he is the one.

Neither Tracy nor Chris are upset by achieving class flirt. They both agree being flirtatious is just a part of their personality. Basically, the class has spoken about these two, and the rest of the school has no arguments against the decision.

Most Spirit

When you think of school spirit who are the first two names you can think of? Megan Barrett and Michael Souza right?

Megan has played sports all four years at O.C. She has lettered in volleyball, basketball, and softball. With Megan's spiritual attitude, she was selected captain of the volleyball and softball team her senior year. With a loud mouth, like hers, you'll always hear her voice over everyone else's. Even when she gets funny looks from complete strangers, she still stays a team cheerleader.

Although Mike only plays baseball, he's still got more spirit than any other guy. There is not much that can embarrass him. He'll be the loudest, most obnoxious, big mouth out there. He would even wear a cheerleading uniform if he had the legs for it. When spirit week comes around, you can guarantee that he'll be the first guy to look like a fool.

Megan and Mike were more than happy to pose for this superlative. After all, look at their faces, they have school spirit written all over them.

Most Gullible

Jeannie Rose and Jared Rodrigues are our "Most Gullible" seniors. They have some interesting but embarrassing stories (even if Jared can not remember any) that occurred over their high school years.

One of Jeannie's most embarrassing moments was when she was in 11th grade. She waited for her teacher and classmates to show up for class one day. She sat there all first period, until she realized it was a shop cycle.

Jeannie believes she is the most gullible girl in our class and is not ashamed to admit it. "I just don't want people to get the wrong idea. I'm not a stupid person."

Jared on the other hand, does not agree that he is the most gullible senior. He never expected to be chosen. "I don't have any embarrassing moments. And, I am not gullible." What do you think?

Despite the stereotyping, Jared and Jeannine are both intelligent people and have bright futures in whatever they choose.

Most Changed

When we first got to O.C. who would have thought Tanya Torres and Joshua Dansereau would have changed as much as they did.

Tanya was so shy, sweet, and innocent. Just before our junior year she was transformed. She shocked our entire school when her glasses came off and the contacts went in. Add to that, the fact that she changed her hair style and her make-up. Soon after, her attitude changed and the new sophisticated Tanya had emerged.

Josh, on the other hand, was quite the opposite: loud, outgoing, and not all that innocent. He was one of the shortest students in our class until he grew. When we came back to school, junior year, he caught everyone by surprise with his new confidence and outlook on life from up on his higher standpoint.

Overall both Tanya and Josh's attitude and appearances have changed for the better. At least we think so . . .

Class Clowns

Kasaundra Martin and Christopher Jones are O.C.'s two prime candidates for the title "Class Clowns." When a sub or teacher hears that a person with this title will be in their next period class, it makes them cringe and realize that they are about to earn their money. But Kasi and Chris use their powers for good by making people laugh. They sometimes play pranks that never go to far, by using their personality and good humor.

Since Kasi plays volleyball and softball, she is able to enlighten any moment on or off the court or field. "There is nothing any one can do to embarrass me," says Kasi.

"Just look at me and you'll laugh," says the Jim Carey want-to-be. There is not one thing he says or does that is not on the comical side.

If you want to get something accomplished, do not bring them to a meeting. O.C. is glad to have the comedy of the Three Stooges minus Curly. O.C. is going to miss them, but can not wait to get rid of them.

Corridor King and Queen

When you're walking down the halls, who do you always see? You got it, Teresa Desroches and Michael Souza. They are the Corridor Queen and King of our class and not many teachers will disagree.

Our queen, Teresa, has been walking around her court for the past four years and if you don't see her, then she's probably not in school.

Mike has been roaming the halls a year longer than Teresa and if you don't see him, he's in the **wrong** shop or he's doing something he's not suppose to be.

We know the teachers are going to miss their smiling faces. After all, no one could forget them, they've seen them so often.

Most Likely to Succeed

Kara DeTerra and Josh Dansereau are "Most Likely to Succeed." Both of them are in the top 5 of our class. Even though they have secure jobs, they still have time to finish their homework and play sports.

With cash in their pockets and school waiting for them, the Class of 1996 would like to wish Kara and Josh the best of luck.

Class Sweethearts

Cheryl Torres and Phillip Batista were an item during sophomore year until they broke up a month later. There was a year hiatus before they returned to each other in junior year. We know it is because they could not live without one another. They have been going strong since and plan to for years to come unless something drastic happens (knock on wood).

Heather Massey and Joshua Bishop have been together since sophomore year. Their "on again, off again" relationship has brought them many obstacles they had to overcome. In the long run, they believe that breaking down all the barriers has brought them closer to each other and made their three years together (so far) worth every minute.

Most Talkative/Best All-Around

Any quite O.C. classroom can be disrupted by the two motormouths, Libby Morris and Ronnie Porte. Whether their babbling or actually have something say, they are constantly being heard. If there was a choice between talking or not talking, with Libby and Ronnie, the answer is always the same to the question.

Megan Barrett and Phil Batista, in any category, would represent O.C. to the fullest. They are smart, kind, and a good role model for the underclassmen. Basically, they are the "Best All Around."

sports

football

Old Colony's Football Team had an outstanding season with a 6 win, 4 loss overall record, allowing the Cougars to participate in the Division 6A Superbowl for the first time in the school's short history. Their record of 4 wins, 0 loss in Division led to a 2nd consecutive Mayflower Division II Championship.

The three Senior captains on the squad, Brian Menard, Miah Nielsen, and Eric Taylor, led the team to strive for excellence. They will be extremely missed!

The J.V. team posted a 2 win, 6 loss record. They played very well considering the youth of the team.

Congratulations Cougars for a Season to be Remembered!

OLD COLONY FOOTBALL SEASON "95"

cheerleading

soccer

The 1995 Varsity soccer team had a rebuilding year with a 0-17-1 record. The stats do not reflect the hard work and dedication each player gave of themselves. The numerous close game can not be shown on paper.

Leading the team as captains were seniors Bryan dos Anjos, Phil Batista, Cheryl Torres, and junior, David Dos Santos. Their leadership qualities enabled the team to come together as a working unit and continue to improve in spite of a tough season. Goalies, Bryan dos Anjos and, junior, Tim Forand, worked extremely hard in defending the net.

Next years varsity squad will miss the standards set by Bryan, Phil and Cheryl. They have set these standards and now pass them on.

We wish them everything good in life — especially on future soccer fields.

The 1995-96 Volleyball Team completed the regular season with an impressive 12-8 record. Until the last game of the season, the team was tied for first place but lost a close match which put them second in Division II of the Mayflower League. The team qualified for the State Tournament and received an eighth place seeding. In the first round, Old Colony won the match by beating Westport, who O.C. lost to during the season. We moved on to the quarter-finals for the second time in the school's history, but was eliminated by Sacred Heart.

With almost an entire team of seniors, the girls' improved each game. Several players received individual recognition. Karen Walsh, tri-captain, Megan Barrett and Diane Lackie were selected to the Mayflower League Division II All Star Team. Receiving honorable mention was Jessica Francis and Janine Chadwick.

Good luck to the graduating seniors and thanks for a wonderful season.

volleyball

Standing L-R: D. Feury, W. Miller, J. Cruz, B. Richards, S. Colt, B. Cossette
Sitting L-R: M. DiRado, Coach Abaray, J. Roderigues

The OC Golf team finished it's 1995 season in 3rd place in the Mayflower League with a 9-4 record overall. The team also placed second in the League tournament with a team score of 362. They also qualified for the State Tournament, which was held at the Easton G.C. placing 13 out of 18 teams. We would like to wish the best in the future to seniors, Mark DiRado and Captain Jared Rodrigues. We would also like to thank the following people and companies for their generosity and continuing support. Sue Peptipas Titleist Footjoy, the Rochester Golf Course, and Tallman Family for the use of the course. Also special thanks to Walter Dearing for his teaching and advice.

golf

cross country

The cross country team finished the season at 7-7 for a .500 season, placing 7th of 14 teams in the All-League meet and 11th of 21 teams in the State Voc-Tech meet.

Mike McAvoy placed 4th of 101 runners at the 3 mile meet. The team's No. 2 position was held by freshman, James Tagger, who placed 20th.

The team had three freshman girls this past season with Laura Cossaboom leading the way, placing 16 of 50 runners.

The Cougars will be a strong team next season, due to the loss of only one senior, Mike Kitchen.

Standing L-R: T. Guillette, M. McAvoy, M. Kitchen, J. Madden, R. Brown, J. Taylor, Coach Charette
Kneeling L-R: L. Cossaboom, J. Tagger, L. Bouchard, T. Freitag, N. Lapre

The girls' basketball team were the Mayflower runner-up and qualified for State Tournament play. Karen Walsh was team captain. Karen finished her career with 2,009 total points becoming the All-Time leading scorer in South-eastern Massachusetts. Karen was voted to the Mayflower All Star squad with sophomore Sybil Hogan receiving honorable mention recognition. Seniors Megan Barrett, Kara DeTerra, Jessica Francis, and Diane Lackie were dedicated contributors to this year's squad. Best wishes are extended to all the seniors. You will be missed!

The Varsity Baseball Team won the Mayflower Division Small League Championship for the third consecutive year. They continued on to the State Tournament, where they were eliminated in the quarter-finals. The Team will miss the leadership of the four graduating seniors, Captains Chris Roderiques and Jared Rodrigues, Mike Souza, and Brian DaSilva. They hope that the returning underclassmen will continue in their quest for a fourth Division Championship.

softball

The varsity softball team finished with a 7 win 11 loss overall record and a 6 win 4 loss record in the division, which allowed them to finish the season in 3rd place.

Led by senior tri-captains Diane Lackie, Megan Barrett, and Kasi Martin, the Lady Cougars got going after a slow start. Karen Walsh and Tracy Brum, along with the tri-captains will be sorely missed next season and we wish them well.

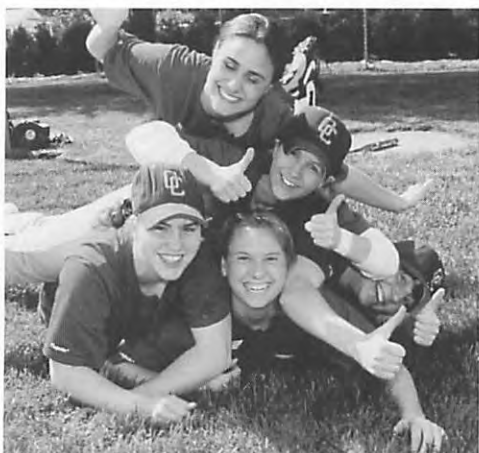

Selected to the Mayflower Small Division All-Star team were Diane Lackie, Megan Barrett and Karen Walsh. Receiving Honorable Mention was Alyssa Silva.

REMEMBER WHEN

Remember When Janine Chadwick walked into the bus mirror.
Remember When Karen Walsh broke the school records in Basketball.
Remember When there was "No Crying" in the pit.
Remember When Kasi Martin pantsed Karen Walsh in Volleyball.
Remember When the "bullpen" was something in Baseball.
Remember When Casey Bates wore all his dirtbike gear to school.
Remember When Auto, Welding, and Machine had "Good Morning" contests.
Remember When Teresa Desroches proposed to Casey Bates in class.
Remember When Tracy Brum caught the saran wrap. Well, she kind of caught it.
Remember When Mr. Abaray got hit in the eye with flying dough.
Remember When we didn't have to sign-out.
Remember When the J.V. Volleyball team were beautiful ladies, but couldn't win a game freshmen year.
Remember When the Ouija Board was emotional and believable, except for Megan Barrett, at Jess Francis' house.
Remember When 11A got the salute in Mr. Fortier's class.
Remember When Marybeth Bousquin got hit in the head with a hockey puck.
Remember When February vacation was at Jess Francis' house.
Remember When the Football team made it to the superbowl.
Remember When Chris Mello lost his pants in gym class.
Remember When Ronnie Cossette tackled Karen Walsh playing football.
Remember When Carpentry did the job in Carver.
Remember When Steve Stempka hit Karen Walsh's car leaving school.
Remember When all Katie Paska said was "I don't get it."
Remember When Diane Lackie, Kasi Martin and Justin McGuire were driving around Carver at 10pm, without lights.
