## Old Colony Regional Vocational Technical High School

Rochester, Massachusetts

VOLUME XXV

# Administration

To the class of 2002,

It is both an honor and a privilege to extend our congratulations to the graduating class of 2002. You entered Old Colony four years ago in pursuit of a vocational-technical education and you leave at graduation with the tools of success. Your hard work and diligent effort has prepared you well for the challenges ahead. Take pride in your accomplishment.

In reflecting on your high school years, we trust you harbor fond memories of Old Colony. You have helped to sustain and build the Old Colony tradition. We enjoyed the opportunity to help you develop the technical competencies and academic skills necessary for your future success.

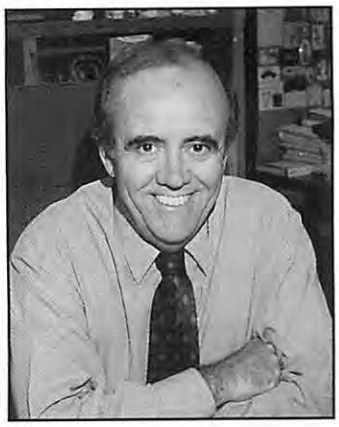

There is an old adage, "contentment with past achievements stifles future growth." Be not content with your graduation from high school for today's work force requires lifelong learning. The values, beliefs, and skills you have learned with us should serve as a stepping stone to achieve new and higher goals.

We have confidence in the Class of 2002 and are certain that you will positively influence our community and region. On behalf of the Old Colony family, best wishes in all of your future endeavors.

# Right Now

*by: Van Halen*

Don't wanna wait till tomorrow, Why put it off another day?
One more walk through problems, Built up, and stand in our way
One step ahead, one step behind me
Now you gotta run to get even
Make future plans, don't dream about yesterday, hey
C'mon turn, turn this thing around
*Right now, hey*
*Its your tomorrow*
*Right now,*
*C'mon, it's everything*
*Right now,*
*Catch a magic moment, do it*
*Right here and now*
*It means everything*
Miss the beat, you lose the rhythm, And nothing falls into place, no
Only missed by a fraction, Slipped a little off your pace, oh
The more things you get, the more you want,
Just trade in one for the other, workin' so hard, to make it easier, whoa,
Got to turn, c'mon turn this thing around
*(chorus)*
It's enlightened me, right now
What are you waitin' for
Oh, yeah, right now
*(chorus)*
Right now oh, Right now
It's what's happening?
Right here and now
Right now
Oh, Tell me, what are you waiting for
Turn this thing around
