

MASSACHUSETTS PUBLIC SCHOOLS

LEADING the NATION

Don't miss the SE MA STEM Network's STEM & Career Pathways Seminar at **Old Colony Regional Vocational Technical High School**. Join STEM stakeholders including parents, educators (PK-12/college/university) and representatives of business, government, and community organizations to gather resources, connect with potential STEM partners, share ideas, and network.

Speakers & Exhibitors: See robotics demonstrations, engage in STEM activities and participate in computing workshops. Visit exhibitors, and take away resources that support your efforts, including information about work-based learning for educators, engaging STEM programs and activities, and business & educator partnerships. Hear about state and local initiatives that ensure students and working adults are prepared to be successful in the 21st Century workplace.

Panel Discussion: Panelists will focus on the importance of businesses partnering with educators and efforts to provide training for working adults in order to ensure students and working adults are prepared to work in the 21st Century workplace. Learn how Old Colony Regional Vocational Technical High School and business partners are partnering with institutions of higher education to advance STEM education. Collaborative efforts include participating in career fairs, community STEM/STEAM events, cooperative work opportunities, hosting "Hour of Code" days, and sponsorship of innovative continuing education opportunities.

Tour Old Colony RVTHS: Learn how staff and students collaborate to meet labor market needs. Old Colony Regional Vocational Technical High School is a recent recipient of the Massachusetts Capital Skills grant for their House and Mill Carpentry, Machine and Tool Technology, Electrical, and Electronics Engineering Technology programs. Learn more about the equipment and partnerships that have evolved as a result of this opportunity provided by funding from the Baker-Polito Administration.

Exhibitors Include: AccuRounds, Bridgewater State University, Acushnet Public Schools-Ford Middle School, Cape Cod Community College, CONNECT Partnership, Lockheed Martin, MA Department of Education, MA Maritime Academy, MA STEM Pipeline, North Easton Machine, Old Colony RVTHS - Summer Discovery Programs - OC Creates - OC Science - OC Robotics Team, Project Lead the Way, SE MA STEM Network, and the University of Massachusetts Dartmouth, Edaville Family Theme Parks.

Panelists include: Autocam Medical, OMCO Solar, Edaville Family Theme Parks and Old Colony Regional Vocational Technical High School.

This event is **FREE** but Registration is required. Visit <https://conta.cc/2JLMThd> to register for the May 10 event.

Registered attendees will receive 1/2 price admission vouchers to Edaville Family Theme Park for use in May & June of 2018 thanks to the cooperative partnership between Old Colony Regional Vocational Technical High School and Edaville Family Theme Parks.
