February 4, 2022

Every year, each public school and school district in Massachusetts receives a report card. The school's report card is designed to show families how our school is doing in different areas. We are proud to share our school's most recent report card at <https://reportcards.doe.mass.edu/2021/DistrictReportcard/08550000>.

The report card includes multiple measures of a school's performance – more than just MCAS scores. It represents a new way of looking at school performance, by providing information on student achievement, teacher qualifications, student learning opportunities, and more.

Report cards are designed to be useful tools for everyone connected to our school. Families can use the information to have meaningful conversations with us about what the school is doing well and where there is room for improvement. Community and education leaders can use the information to better understand how to support students and our school.

You will notice on our report card that attendance is consistently hovering around 97%; 96% of freshman passed all of their coursework; 95% of our 11th and 12th grade students are completing advanced coursework, graduation rates over a three-year period were between 97% and 99.3%. To improve student performance in our school, we are committed to addressing the 1%-2.7% gap shown in our graduation rate. Attendance is always of great importance, as we believe our students cannot learn if they are not present. We would also like to focus on a long-term vision to provide greater access to the arts and expansion of our Chapter 74 programming. We encourage you to become involved in helping us improve our school. We see parents as critical partners in the success of our students and school, and we are grateful for your continued support.

Finally, if your child attends a school that receives federal Title I funds, you also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach,
- Whether your child's teacher is teaching under an emergency license or waiver,
- The college degree and major of your child's teacher, and
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.

If you have questions about our school's report card, would like to become involved in school improvement activities, or would like to request information about the qualifications of your child's classroom teacher, please contact our Mr. J. Michael Parker, our Principal at jmparker@oldcolony.info. To see our district's report card or to search for other schools' report cards, visit <https://reportcards.doe.mass.edu>. Thank you for your continued support of our efforts to educate the whole student.

With Gratitude,

Aaron L. Polansky
Superintendent-Director
