The public water system (PWS) named above hereby certifies that its lead and copper consumer notice has been provided to each person it serves at the specific sampling site from which the sample was tested in compliance with 310 CMR 22.06B(6)(c), as well as to schools/early education & care facilities for any sampling conducted in those facilities. I hereby certify that the PWS has provided the lead and copper consumer notice to the following:

- Residents (Section B)     NTNC and Schools/Early Education & Care Facilities (Section C)

Please check off **one** of the following for your **approved monitoring period**:

- January 1 - June 30     June 1 – September 30     July 1 – December 31  
 July 1 – October 31 (if approved by MassDEP)

Number of samples collected: 10 \_\_\_\_\_

**B. Community Water Systems: Results and Notification Timeline Table**

Fill in the table below with the dates that lab data were received, the date the notification was delivered to the consumer, the number of days between the two actions, and whether the consumer notification was made within 30 days.

Date lab data received	Date of consumer notification delivery	Number of days from data receipt to notification delivery	Consumer notification was made within 30 days (Y/N)

**Delivery Method:**

- a. My system notified consumers:  
 U.S. Mail     Hand/direct delivery     Email (requires prior MassDEP approval)
- b. My system notified schools/early education & care facilities if applicable:  
 U.S. Mail     Hand/direct delivery

**C. NTNC Water Systems: Results and Notification Timeline Table**

Fill in the table below with the dates that lab data were received, the date the notification was delivered to the consumer, the number of days between the two actions, and whether the consumer notification was made within 30 days.

Date lab data received	Date of consumer notification delivery	Number of days from data receipt to notification delivery	Consumer notification was made within 30 days (Y/N)
10-1-2024	10-9 -2024	8	yes

**Delivery Method: All NTNC (choose a or b); Schools (item c is also required)**

- a. My system is a NTNC and posted the consumer notice within the facility in which the samples were collected. The notice will remain posted until the next lead and copper results are reported.
- b. My system is a NTNC and notified consumers by direct hand/delivery.
- c. My system is also a school/early education & care facility and utilized one or both of the following methods for consumer notification.
  - Consumer notification was sent home with each student/child.
  - Consumer notification was posted on the facility website.(provide url: <https://oldcolony.us>)

**D. Consumer Delivery Requirements:**

Mandatory criteria for all consumer notification (check the boxes to certify which actions have been completed).

The water system named above certifies that these results and the following information were provided to all consumers, including **homeowners and schools/early education & care facilities** sampled as part of the PWS lead and copper sampling program,  **within 30 days of receiving the test results** from the laboratory, OR  **not within 30 days of receiving the test results** from the laboratory:

- Individual tap results from lead and copper tap water monitoring and 90<sup>th</sup> percentile results (NTNC).
- An explanation of the health effects of lead and copper with steps that consumers including schools/early education & care facilities can take to reduce exposure to lead and copper in drinking
- Contact information for your water system.
- The maximum contaminant level goals and action levels for lead and copper, and the definitions of these two terms from 310 CMR 22.02.

### **E. Mandatory Agency Delivery Requirements:**

Mandatory criteria for all PWSs (check the boxes to certify which actions have been completed).

PWS has:

- Completed this form.
- Attached is an example(s) of the consumer notification that was delivered via the method(s) certified in **Section B or C**. The examples must be one of the dated notifications that was actually delivered, not a blank template form. If PWS provided laboratory analytical report (Form LCR-C) in addition to the consumer notice, both must be submitted to MassDEP. For systems that are notifying both residential customers and schools, an example of each must be provided.
- Within 90 days following the end of the monitoring period: Delivered 1-copy of LCR Certification Form and 1-copy of ALL the attachments check-marked above to the appropriate MassDEP regional office.

***Incomplete submittal, failure to submit this Certification Form, or failure to deliver the Consumer Notice as required is a violation of 310 CMR 22.06B(6) and/or (11)(f), which may result in enforcement action that may include penalties, pursuant to M.G.L. c.21A sec. 16 and 310 CMR 5.00.***
